

ELEXON

0 Preamble

0.0 *Sections 1, 2 & 3 form the legally binding Flexibility Market Rule.*

Defined terms capitalised in this document shall have the meaning given in Section 3.

Guidance

Summary of Flexibility Market Rule: Glossary

This section is provided as guidance to the Flexibility Market Rule. Therefore, it is not legally binding and falls outside of the formal change management process.

Context

This rule compiles the defined terms across the *Flexibility Market Rules*, and the *Market Facilitator Governance Documents*.

It allows for common definitions to be used across the documentation suite in an aligned way, with a central method for maintenance. It also ensures that changes to those definitions are controlled as they have direct impacts on *System Operator* compliance requirements.

Requirements

There are no core requirements arising from this rule directly.

The impact of the rule is via the other rules.

Implementation monitoring requirements

There are no *Implementation monitoring* requirements associated with this rule.

1 Applicability of this Flexibility Market Rule

1.0 The definitions in this *Flexibility Market Rules* shall apply to the other *Flexibility Market Rules* as relevant from the *Implementation date*.

There are no direct implementation requirements from this *Flexibility Market Rule*.

Variations to this rule are only permitted with an approved *Derogation* from the *Market Facilitator*.

The core applicability parameters are laid out below.
